Printing Requirements

Digital files submitted for printing must be saved as follows:

1. *Baseline* JPG or IBM TIFF
2. RGB (*not* CMYK or grayscale)

We are unable to print from any other format. If your files are not saved as noted above, we will give you the option of reformatting them yourself, or having us reformat them for you at our standard charges for this service.

Files up to 10MB	1.00ea
Files over 10MB	3.00ea

Fine Art Giclee

A Kodak Image Center
Solutions Store

A KICS Best in Class Store!

Fine Art Giclee

We can help you turn your photographs into fine art prints **(also known as Giclee Prints)** that you will be proud to display on your wall or give as gifts. We can also help you to make copies of your own artwork that will be almost indistinguishable from the original!

All prints are made using Epson ultrachrome inks for uv protection and a life of 100 years or more!

Choose Kodak Endura Luster paper for larger photographic prints. This paper looks and feels exactly like Kodak's Endura silver emulsion paper, rendering rich deep color saturation.

High quality watercolor paper and luxurious canvas material yield images that look like original art work. Effects can be applied before printing to further enhance the images.

Canvas can be delivered rolled, or stretched on standard stretcher frames or super thick Museum frames, eliminating the need for framing.

Kodak Endura Luster

8x10	16.00
11x14	17.50
16x20	25.00
